

Quality Policy

AT UNITECH

"Quality means doing it right first time"

Through a commitment to-

- Continuous improvement of the effectiveness of our quality management system
- Regulatory, customer and UniTech procedural compliance
- Meeting quality objectives and reviewing them at management reviews

Günter Brückner
Executive Director, Europe

Environmental Policy

UniTech will conduct its business in an environmentally sound manner, efficiently and effectively complying with the letter, spirit and intent of applicable compliance and standards. UniTech is committed to pollution prevention, and to continuously improving a workforce that is environmentally safe for our employees, customers and community.

Executive Director, Europe

Health and Safety Policy

UniTech are committed to achieving our vision of creating, fostering and consistently promoting a safe working environment for our employees by encouraging them to be S.A.F.E

- Support safe work and home environments
- Achieve safety at work, at home and at customer sites
- Foster a workplace safety culture with shared beliefs, practices and attitudes
- Educate continually on how to live a safe lifestyle at work and at home
